OFFICE OF PETITIONS

In re Application of :
Peter C. Brooks et al. : LETTER REGARDING
Application No. 10/782,728 : PATENT TERM ADJUSTMENT
Filed: February 18, 2004 :
Attorney Docket No. 31747-705.201 :

This letter is in response to the "LETTER REGARDING PATENT TERM ADJUSTMENT", filed May 29, 2009. Pursuant to their duty of good faith and candor to the Office, applicants note that the patent term adjustment pursuant to 35 U.S.C. 154(b) of 456 days indicated on the Determination of Patent Term Adjustment, may potentially be 407 days.

The request for correction of the initial determination of patent term adjustment (PTA) is **GRANTED**. The PTA at the time of the mailing of the notice of allowance is 407 days.

The Office has updated the PALM screen to reflect that the correct Patent Term Adjustment (PTA) determination at the time of the mailing of the Notice of Allowance is four hundred seven (**407**) days. A copy of the updated PALM screen, showing the correct determination, is enclosed.

On March 23, 2009, the Office mailed the Determination of Patent Term Adjustment under 35 U.S.C. 154(b) in the above-identified application. The Notice stated that the patent term adjustment to date is 407 days. Applicants do not state a basis for their disclosure that the Patent Term Adjustment on the Notice of Allowance disagrees with their calculation.

Nonetheless, a review of the record reveals that the initial determination of patent term adjustment of 456 days is incorrect. Pursuant to 37 CFR 1.704(c)(8) a period of reduction of 49 days should have been entered.

37 CFR 1.704(c)(8) provides that:

the submission of a supplemental reply or other paper, other than a supplemental reply or other paper expressly requested by the examiner, after a reply has been filed, in which case the period of adjustment set

forth in § 1.703 shall be reduced by the number of days, if any, beginning on the day after the date the initial reply was filed and ending on the date that the supplemental reply or other such paper was filed;

In this instance, the filing of the Supplemental Information Disclosure Statement on April 14, 2008 is considered a failure to engage under 1.704(c)(8). The IDS was not expressly requested by the examiner. The IDS did not include a 1.704(d) statement

A period of 49 additional days should have been deducted for a total of 141 days for Applicant Delay.

In view thereof, the determination of Patent Term Adjustment at the time of the mailing of the notice of allowance is FOUR HUNDRED SEVEN (407) days (548 days of Office delay reduced by 141 (92 + 49) days of applicant delay).

As this letter was submitted as an advisement to the Office of an error in Applicants' favor, the Office will not assess the \$200.00 fee under 37 CFR 1.18(e). The Office thanks applicants for their good faith and candor in bringing this to the attention of the Office.

The Office of Data Management has been advised of this decision. The application is, thereby, forwarded to the Office of Data Management for issuance of the application. The patent term adjustment indicated on the patent (as shown on the Issue Notification mailed about three weeks prior to patent issuance) will include any additional adjustment accrued both for Office delay in issuing the patent more than four months after payment of the issue fee and satisfaction of all outstanding requirements, and for the Office taking in excess of three years to issue the patent (to the extent that the three-year period does not overlap with periods already accorded).

Telephone inquiries specific to this decision should be directed to Senior Petitions Attorney Patricia Faison-Ball at (571) 272-3212.
